Student 1 First, at the school then on social networks.

Reporter What was your reaction?

Student 2 I found the rumour was funny so I propagated this rumor

Student 3 I went to speak to the victim to find out about the truth, and it was wrong, so we

went to tell an adult.

Reporter You certainly had the best reaction!

If you are a witness of bullying, you must first talk to the victim then you must talk to an adult!

Above all, do not try to make the situation worse by spreading the rumour.
