

## A ROBOT GIRL

- *When did you last gossip ?*

- *It was last year, there was a really big rumour about a girl: her name was Emma.*

- *What did you gossip about ?*

- *About her differences, this girl was really weird, she arrived in the middle of the school year and as soon as we saw her, we immediately understood that she wasn't like us. Even in the classroom, no one wanted to sit next to her.*

- *What did you say ?*

- *Some people said to be careful about her, that we shouldn't get close to her.*

- *Did you start the rumour ? Who started it ?*

- *No, it wasn't me who started the rumour but I was one of the first person to hear about it. It was my best friend who started it.*

- *Why did you gossip about this girl ?*

- *Really, I don't know. Everyone talked about this girl who had just arrived, full of different information circulated about her. I don't know if these information were true or false. In the end, there was a rumour: this girl was a robot.*

- *How did the rumour spread ?*

- *During the breaks, between classes, via social networks... Everyone talked only about that and some pupils sent messages to other friends who weren't even in our middle school !!! Because of that, the rumours didn't take long to spread...*
